AUDITORS' REPORT

We, the undersigned Auditors of the Town of Newport, for the year ending December 30, 1944, have audited as required by the State Tax Commission, the accounts of the Board of Selectmen, Town Treasurer, Tax Collector, Town Clerk, Town Hall Agent, Water and Sewer Commissioners, Cemetery Commissioners and the Municipal Court and find them all to be correct.

ELSIE C. BAILEY,
MARY C. KAINU,

Auitors of the Town of
Newport, N. H.

For the year ending December 30, 1944.

POLICE DEPARTMENT'S REPORT

From February 1, 1944 to January 1, 1945

Intoxication	94
Motor Vehicle	40
Fish and Game	3
Non-support	4
Committing a brawl	8
Assault	7
Stealing	1
Robbery	1
Contributing to delinquency of Juveniles	7
Begging	1
Keeping gambling machines	4
Selling adulterated milk	1
Total Arrests	171
Lodgers	97
Doors found unlocked	175

These figures are greater than those of 1943 and they do not include apprehended Service men or aliens picked up and held for Federal Officers. I am pleased to announce that no Service man has been before the court. Our Juvenile cases have been few compared to other localities. The most can be traced to poor or broken homes, and associating with bad and older companions. We have convicted seven for aiding these juveniles in their misdemeanors.

Family and neighborhood brawls have been on the increase due I believe to nervous tension caused by war conditions and working on the night shifts in factories, and in most cases have been settled without the Courts.

MERTON J. SARGENT,

Chief of Police,
Newport, N. H.

REPORT OF FIRE DEPARTMENT

To the Selectmen of the Town of Newport:

I herewith submit my report as Chief of the Fire Department for the past year. I am able to report that the activity of the Department the same as the year previous. We have responded to 13 Bell Alarms, 143 Still Alarms, one call for drowning accident, one for a child in a well, 6 Brush fires and 7 calls out of town. Our fire loss is small in consideration of the number of fires in County $14,873.51. We have a well-manned department but in case of forest fires we would be hampered for help and there is only one remedy—quick response at a call with su . .cient help to warrant no shortage and to call for extra help without delay if there is any danger of unreasonable spread. It may cost more for an hour or two but it's cheap insurance, and economy. We are well equipped for Tolls, and all of our fire equipment is in good condition, but in the near future a new piece of apparatus will have to be bought.

GEO. E. LEWIS,

Chief.

HEALTH OFFICER'S REPORT

To The Board of Selectmen:

I herewith submit my report as Health Officer of Newport for the past year. It is gratifying to note that to date Newport has not felt the pressure of epidemics as several of our surrounding towns have.

During the Infantile Epidemic that hit our section of the state we were very fortunate not to have had a single case. All the precaution that could be taken was taken in town through the cooperation of your Doctors, School Nurse and School Dept. At the least sign of a cold, headache or sickness, the child was sent home, and the family doctor was called. The child then was kept under careful surveillance during the period that such a disease would develop.

As of previous years, according to the state law, I inspected and approved homes for orphaned children placed under state supervision. These homes must be inspected yearly by the health officer and assurance filed with the state department that such homes are proper places for these children.

The department of Milk Inspection has carried on again this year in its protection methods for the milk supply of the town. Routine barn and milk room inspections have been made, and analysis of samples with the State Board of Health have been made. The findings of all such samples have returned from the state department without criticism.

The Board of Health received this year as usual many so called "nuisance complaints" totaling approximately sixty. These complaints varied in nature, however, the majority were for odors, animal refuse, and rubbish collections in unlawful places.

Arthur L. Gamash, custodian of our Town Dump, still keeps it in fine condition but am sorry to say that he does not have full cooperation from all of our townspeople, as to where to put rubbish when taken to the dump.

The garbage situation for the past year has offered a problem, both to the public, and to those who are responsible for its management. Several things are responsible for difficulties in this respect, namely, First, help shortage; Second, that no man

in or near town raises enough swine to make use of the garbage; Third, while in the past, at least three besides the town garbage collector have made collections, at the present one man has tried to accommodate on part time. I wish to assure the public that everything in my power will be done to adjust this condition in the near future.

Respectfully submitted,

RICHARD P. DONOVAN,
Health Officer.

I, hereby submit, as it was submitted to me, the yearly report of The New Hampshire Tuberculosis Association.

THE YEAR'S REPORT, JAN. 1, 1944 to DEC. 31, 1944

In Newport two clinics were held at which 63 persons were examined. 28 persons had X-ray of chest, and all children attending the clinic for the first time were given the "Vollmer" tuberculin test. Two children showed reaction to the test had X-ray of chest. These were reported negative as to tuberculosis.

Six positive cases of tuberculosis were reported to the Health Officer. Four patients have had treatment at the State Sanatorium.

Grateful appreciation is expressed to the men, women and children of Newport who gave of their means and assistance in support of the Christmas Seal Campaign to assure the success of the 1944 program of the association.

Respectfully submitted,

CLUFFIE M. GOBIE, R.N.,
N. H. Tuberculosis Assn.

REPORT OF WATER COMMISSIONERS

To the Citizens of Newport:

The Water Commissioners submit herewith the Annual Report for the year ending Dec. 31, 1944, in form as prescribed by the Public Service Commission.

This fiscal year, Feb. 1, 1944 through Dec. 31, 1944, covered only eleven months and did not include the month of January. The months of January and July net over half of the year's income. Therefore, this year's report shows a decrease in revenue and the income statement a loss of $4,370.15.

There were no major repairs or capital expenditures.

The actual cash received during the year and turned over to the Town Treasurer was as follows:

Water Rents	$ 13,858.76
Labor and Materials	592.58
Total	$ 14,451.34

ARTHUR G. WINTER,
JOHN J. CONDON,
JOHN W. McCRILLIS,
Commissioners.

SOPHIE A. GURETSKA,
Clerk.

SUPERINTENDENT'S REPORT

To the Newport School Board:

I herewith submit my eleventh annual report as Superintendent of Schools:

Changes in the corps of teachers continue unabated. Between June and December 1944, I had to find 22 new teachers in Union No. 43, besides transferring five teachers from one school to another. Of the teachers who resigned thirteen went to other positions, three were married, and five left on account of home conditions.

The supply of teachers—regardless of qualifications—is distressingly low. The New Hampshire Teachers' Colleges will graduate next June less than a score of elementary teachers! We have already combed our communities for all possible teachers, to such an extent that there are very few left who can substitute for absent teachers. It is going to be extremely difficult, therefore, to fill vacancies in the future. It is clearly our duty to retain present teachers if possible.

Most teachers leave schools because they can obtain a larger income elsewhere. Few young people are preparing to teach because present school salaries are not attractive compared with the renumeration in other types of work. In order to operate our schools we must have good teachers, so the conclusion is obvious that salaries must be raised to a point which will be satisfactory and enable us to compete with others successfully.

School officials and parents owe a debt of deep gratitude to those who have remained in the teaching profession during these trying times. They could have easily taken other positions with larger salaries and less work. The burdens placed upon teachers have greatly increased. Besides the regular class-room duties and outside preparation they have assumed many extra duties which have been assigned to the schools. Wartime conditions have had an unfortunate influence on the attitude and conduct of children so that school room management is much more difficult than in other years. Without the loyal cooperation of the teachers our schools could not operate at all. Newport is indeed fortunate in being able to have a corps of teachers of such high calibre.

REPAIRS

As a matter of record, for reference in future years, the following repairs were made during the summer of 1944:

Primary School

Two new outside doors and door frames were installed in the basement. The old ones were disintegrating and the frames had parted from the brick walls.

Both chimneys were re-topped and revolving ventilators were placed on all ventilating flues. For years we had been troubled with down drafts in some flues, which seriously interfered with heating the rooms.

Additional steam pipes were placed in the air mixing chambers last winter to increase the flow of warm air to the rooms. A unit heater was installed in the boys' basement. Additional valves were placed in the system, making possible a more efficient distribution of the heat.

Richards School

The chimney on the east end of the building was re-topped because it was damaged by lightning last summer. The expense was fully covered by insurance.

The roof of the annex was repaired to overcome some leaks. Copper flashing was placed around the edge of the roof and a sloping runway was built up all along the edge of the roof to carry water toward the drain in the center.

The two lower rooms in the annex were redecorated.

No major repairs were made on the Towle School or the rural schools.

SPECIAL ACTIVITIES

We are continuing our special activities in connection with the war effort. The stamp and bond sales for last year (1943-44) were as follows: (Cash Value)

Towle High School	$ 8,542.25
Richards School	4,751.65
Primary School	4,441.40
Guild School	184.84
Kelleyville School	179.10
North Newport School	132.85
	$18,232.09

We added a new project last fall, the collection of milkweed pods for use in making life preservers. The milkweed floss has been found to be a successful substitute for kapok, the supply of

which is now largely in the hands of the Japanese. Newport pupils collected 118 bushel bags of pods. The Government paid twenty cents a bag. The money was used as the pupils voted. For the most part it was turned over to the Junior Red Cross.

HEAT

The problem of heating buildings is important and sometimes perplexing under war-time conditions. The Primary School has now been heated for three years by the central heating plant in the Town Hall. We have had sufficient heat at a material saving in expense. The old heating plant in the Primary School consisted of three hot-air furnaces and one small steam boiler, all burning hard coal. The annual expense for fuel was about $1000. During the three-year period in which we have purchased heat from the town for the Primary School the annual cost has been as follows:

1941-1942	$896.21
1942-1943	867.12
1943-1944	778.22

The Richards School uses 138 tons of soft coal each year on an average. The Towle High School uses about 80 tons of soft coal a year. Guild School, since a hot-air furnace was installed in the basement, has burned yearly about eight tons of hard coal and two cords of wood (fall and spring). Guild School, by the way, is the most adequately heated of our rural schools. Kelleyville and North Newport each use about four cords of wood a year. There is a small expense, too, for kindling wood.

ATTENDANCE

I am glad to report an increase in the per cent of attendance (from 92.37% to 93.45% in the elementary grades; from 91.62% to 93.78% in the high school). The number of tardinesses was decreased in both elementary and secondary grades.

The cooperation of the School Board, teachers, janitors and others is much appreciated and made the work of the year pleasanter and more effective. I especially appreciate the kind consideration shown me during the time of my enforced absence.

Respectfully submitted,

ALFRED W. SMITH,
Superintendent of Schools.

REPORT OF THE HEADMASTER OF TOWLE HIGH SCHOOL

December 15, 1944

Superintendent A. W. Smith
Newport, New Hampshire
Dear Mr. Smith:

I am submitting herewith the Annual Report for Towle High School, together with a supplement of statistical tables as follows:

Table I	Enrollment of Grades
Table II	Tuition Pupils
Table III	Attendance Record
Table IV	Honor List—Class of 1944
Table V	Perfect Attendance—1943-44
Table VI	Post-Secondary Statistics
Table VII	Financial Report
Table VIII	Prize Speaking Contest
Table IX	What the Faculty is Doing in Connection with Various War Work
Table X	Report of Sale of Defense Stamps & Bonds

The war has made some difference in our school enrollment. This is especially true in the class of 1945, for my records show that there are ten boys who are in service and two that have droppped out and are now doing farm work waiting to be drafted. Nine of the ten boys in service enlisted. I am happy to report that only four pupils did not return to school in September because of employment. Consequently, the enrollment was and is greater than last year. This fact proves that the children of Newport and the tuition pupils from other school districts realize the value of a high school education. Parents have greatly cooperated in every doubtful case.

Compulsory physical education should be a part of our curriculum. This war has proven its great importance in developing sound bodies and keen minds. The one "ray of sunshine" which Towle can offer to offset the lack of a compulsory Physical Educational program is our athletics. The following statistics are approximations relative to the number of students who have

participated in athletics during the past year: basketball: 35 boys; 30 girls (basketball for the girls had to be discontinued midway through the season because they were denied the use of the armory); baseball: 25 boys; softball: 45 girls; football: 40 boys (this includes freshman boys who played in the game against Richards Junior High); hockey: 30 girls. These figures are, I am sure, much lower than they would be if we had gymnasium facilities for both boys and girls. Through the kindness of Mr. Vaughan the girls are now using the hall in the Richards Building for basketball, but because the space is too small, it was necessary to prohibit 23 freshman girls from going out for this sport. I am endeavoring to provide some way to give them the opportunity to participate.

The scholastic records of the students have improved. With the fine cooperation of the teachers, students and parents the "slow" learning pupils and the mentally "lazy" ones are showing better results. Remedial work is being done in every subject. It is the desire of the administration and all the teachers to assist every student. Several teachers have gone "way out" to aid a pupil in "finding" himself.

We are fortunate in having an excellent staff of teachers. Their fine cooperation, industry, and advice is in evidence by the results shown by the pupils. There is a quotation: "Good teachers are the foundation stone of education," and since we have an excellent staff I sincerely hope that everything possible will be done to have them remain in Towle for a long time.

The student body has been very cooperative and with a few exceptions, all students have been doing excellent work. The fact that we had a very lengthy honor roll for the first quarter of the 1944-45 school year is an indication of the wonderful interest and appreciation on the part of the pupils to complete what the teachers will give them.

On June 20 the Class of 1944 consisting fifty-seven members, graduated. Nine of this number (whose names are on a later page) received War Emergency Certificates as they are serving with th armed forces. The class as a whole was very good scholastically as thirty-two had an average above 80 per cent, and the class average was 81.98. There were some that were very outstanding. John Brooks and Eva Whittaker received scholarships; John from Yale College and Eva from Syracuse University. John Brooks' record was so outstanding that a previous scholarship was awarded him from Phillips-Andover Academy.

Eight of this class are in college, four girls are in hospitals in training, and sixteen boys are in the service.

May I take this opportunity to express my appreciation for the fine cooperation given me by you, the Superintendent, faculty, the students, the board members, parents, community, and Miss Joan Catsam, your secretary. I can assure you that it is a pleasure to be a part of the Newport School System and a resident of Newport.

Respectfully submitted,

FORREST E. RICHARDS, Headmaster.

REPORT OF SALE OF DEFENSE STAMPS AND BONDS

TABLE X

I am very pleased to report the outstanding response on the part of the students who have purchased stamps and bonds

throughout the school season, September 14, 1943 through June 13, inclusive.

Since the purchase of stamps and bonds have been carried on at Towle High School, the statistics show as follows:

1942 (March-June)	$ 276.55
1942-43	4,049.95
1943-44	8,542.25
Total	$12,868.75

On the 13th of June, 1944, $1,114.95 worth of stamps and bonds were purchased. This was the largest weekly amount on record. It reveals not only the patriotic spirit of the students, but their desire for thrift as well.

NO-SCHOOL SIGNAL

When the weather is so bad that it is inadvisable for children to attend school, the no-school signal will be sounded by the fire whistle at 7:30 in the morning. The signal is 2-2-2. When it is necesary to close school in the morning it will mean that school sessions will be omitted all day. It would be practically impossible to get bus and tuition pupils to attend an afternoon session only.

The no-school signal will also be given on station WKNE at 7:00; 7:35 and 8:00 A.M.

On no-school days a pre-arranged system of telephoning gives notice to those who transport school children, to teachers, and as far as possible, to out-of-town tuition pupils. Persons who are doubtful about the no-school signal should call the Superintendent or some other member of the school department rather than the fire station. Unnecessary calling of the fire station might interfere with emergency calls which should reach the fire department quickly.

REPORT ON THE GEORGE B. WHEELER SCHOOL FUND

In accordance with the vote passed at the last annual meeting of the Newport School District the School Board appointed four citizens to serve with the School Board as a Building Committee to make plans for carrying out the provisions of the bequest of the late George B. Wheeler, as follows: Kenneth D. Andler, Guy A. Dodge, John W. McCrillis, Morris C. Silsby. This Building Committee has held several meetings and visited modern schools in nearby towns and cities, laying the groundwork for specific plans to be presented to the voters as soon as all the facts can be assembled.

The present value of the George B. Wheeler Fund is as follows:

In savings banks and government securities	$180,371.21
In national bank, Jan. 22, 1945, balance	$ 1,173.04
	$181,544.25

REPORT OF SCHOOL NURSE

A. W. Smith
Supt. of Schools
Newport, N. H.
Dear Sir:

It is with pleasure that I again submit my report as school nurse of the Newport School District.

A large part of my time has gone into the routine work of testing teeth, eyes and ears, checking for contagious diseases, making home visits and other duties of this nature with which you are very familiar. We were fortunate in escaping the epidemic of poliomyelitis that occurred the past fall, with which many of our neighboring towns were afflicted. Much school time has been lost the past year, due to the difficulty that parents have found, in properly equipping their children for our severe winter weather. It is practically impossible to buy children's underwear, overshoes, rubbers and other items of protective clothing. We have had few cases, outside of the common colds, of contagious diseases or real epidemics. About the usual number of minor accidents have occurred in and about the schools, which have required attention. Posture continues to be a source of continual trouble. As the war goes on, more and more evidence accumulates, of the nerve strain that pupils are under and I urge that the school room be, as much as possible, a place of peace and that thoughts of peace may be carried to their homes.

Parents and teachers have been very cooperative and I wish to thank them and you for continuous support.

Very truly,

ANNA DONOVAN, R.N.
